Major Changes to the DGLVR GIS system:

• **Required to enter individual project checks:** This allows more accurate and timely tracking when projects stay “active” for several months or years.

• **More detailed financial reporting:** The system will now provide complete accounting including allocations, spending, income, and interest for a complete picture of district Program finances at the local level and in Harrisburg.

• **More frequent financial reporting:** The system will move the Program from annual to quarterly reporting.

• **Automated quarterly replenishments:** Replenishments will now be generated automatically each quarter based on spending for that quarter. CD managers will now be required to have a GIS access account in order to approve and submit replenishments.

Financial Statements

• Required for both DGR and LVR accounts
• Due Friday, July 20
• Required Statements:
  • Local account balance ending on June 30
  • Total of all uncashed checks/payments made prior to June 30
  • Balance of funds remaining in Harrisburg as of June 30

Funds Remaining in Harrisburg

• These funds do not include the FY 18/19 money.
• This balance will be calculated by the remaining funds in Harrisburg minus the replenishment request submitted for all expenditures prior to July.

Example:

As of June 30, $20,000 in DGR remains in Harrisburg. On July 20, a request is submitted for $15,000 for expenditures prior to July 1. Therefore, the balance reported for DGR funds remaining in Harrisburg is $5,000.
