Request to hold in-person training has been submitted to PSU

ESM Trainings – In Person

- **COVID Considerations for in-person ESMs**
 - Must follow PSU, State, and CDC guidance
 - Only held in “green” counties
 - Mask wearing will be enforced
 - **Distancing guidelines will be followed**
 - Attendance limited to allow 113 square feet per person (CDC)
 - May have to reschedule to larger facilities, or severely limit attendance
 - Likely changes to food setup (pre-packaged snacks and box lunches)
 - Additional sanitization, changes to registration, handouts, etc.

DGLVR Educational Efforts Update

Webinars next week *(note date change from 2/21 to 7/24)*

• DGLVR Webinar: 7/23, 9am: Policies, DSA, and more

- **Details:** This webinar will review a variety of topics and policies that are pending approval at the 7/22 SCC meeting. If approved, this webinar will review policy changes as well as changes to the DSA specification. We will also go over a new optional “request for quote” form that is available for use in specifying material for road fill projects.
 - **Joining the Webinar:**

 - Audio (only if using phone instead of computer speakers): 301-715-8592

DGLVR Webinar: 7/24, 9am: Stream Crossing Notifications **NEW DATE**

- **Details:** Pending approval of a new policy at the July SCC meeting, Conservation Districts will need to notify the SCC of upcoming stream crossing replacement projects. We have created an online notification system for districts on the CDGRS website. This webinar will walk through the notification system, and allow CDs to ask questions. The notification system will be active and available to CDs after the webinar. (webinar moved to 7/24 because it overlapped with remote session for stream crossing bootcamp)
