CDGRS Quarterly Report Preparation

The image shows a screenshot of the CDGRS software interface. The main window displays a 'Quarterly Report' form for the period 04/01/2018 - 06/30/2018. The form is divided into several sections: 'Program Income', 'Balance at District', and 'Report Checklist'. The 'Program Income' section shows SCC Advance, SCC Replenishment, Interest Earned, and Other, all with values of 0.00. The 'Balance at District' section shows a Starting Balance of \$26,200.00, Income of 0.00, Expenses Total of \$107,000.00, and an Ending Balance of \$(80,800.00). The 'Report Checklist' section has two items: 'All Income and Expenses Entered' (checked) and 'Activity Report Completed' (unchecked).

Overlaid on this is a 'PA State Conservation Commission' form titled 'Dirt, Gravel, & Low-Volume Roads Maintenance Forms' and '5-Year Agreement Update: Financial Statement and Quarterly Report Checklist'. This form includes three sub-sections: 'Dirt and Gravel Roads Program Financial Statement', 'Low Volume Roads Program Financial Statement', and 'Quarterly Report Checklist'. The 'Quarterly Report Checklist' has three items, all of which are checked: 'Replenishment Requests for all money spent prior to July 1 must be submitted no later than July 20, 2018', 'The DGLVR Mapper GIS must be updated in full prior to completing above financial statements', and 'The Cost and Expenses report for January 1, 2018 to June 30, 2018 must be completed no later than July 20, 2018'. There are also signature and date lines at the bottom.

Another window in the background shows 'Payment Information' with the following details: Total Payments Saved: 5, Contract Amount: \$5,000.00, Amendments Total: \$0.00, Saved Payments Total: \$90,000.00, and Remaining Balance: \$(85,000.00).

This is NOT a Quarterly Report Training!!!!

Webinar Trainings to begin next Tuesday

Schedule posted at the end of this presentation

Replenishments

- Hand written replenishments are no longer accepted
- Generated automatically within the system
- Automatically submitted for each quarter
- Separate replenishments for Dirt and Gravel and Low Volume
- Districts responsible for reporting replenishments as income in future quarters
 - Why the #\$%@ do we have to do that???

Replenishments	
Potential Claim: \$	<input type="text"/>
Available Funds (Cur): \$	<input type="text"/>
Available Funds (Prev): \$	<input type="text"/>
Amount Requested: \$	<input type="text"/>

District Manager Responsibilities

- **Submit Quarterly Report in the GIS Mapper**
 - By submitting the quarterly report, the District Manager is **SIGNING** the replenishment report
- **Keep track of your technician's activities**
- **User-Id and Password required**
 - Must attend a training session to obtain user-id and password
- **Will be able to track the status of replenishments via automated email**
 - Submitted
 - Accepted
 - Replenishment Processed (i.e., document number)

District Manager Responsibilities

- Can anyone else submit the #\$\$%@ quarterly report????
 - Yes, but not your technician
 - Must be a district employed financial or office manager
 - Cannot be a sub-contractor
 - If a financial or office manager is delegated, be sure to share the activity report with your manager
- Send a written request including the delegate's name to Roy Richardson.

Reporting Expenses

- Education

Program Expenses

Administrative: \$

Education: \$

Projects: \$

Reporting Expenses

Projects

- Must enter all Project Payments into the GIS Mapper via the Contract Editor
- Automatically appears in the Quarterly Report

Reporting Expenses

Administration and Education

- Must enter sum total for each in the Quarterly Report
- Dirt and Gravel and Low Volume are separate
- All documentation must be made available during QAQC visits
- Expenses must be reported in the quarter they are billed out of each Program account

Reporting Expenses

Administration and Education

- **Scenario 1** - Your District bills out ALL expenses directly from the Program account.
- Do I report these expenses for current quarterly report?

Reporting Expenses

Administration and Education

- **Scenario 1** - Your District bills out ALL expenses directly from the Program account.
- Do I report these expenses for current quarterly report?

Yes!!!

These are actual expenses withdrawn during the quarter to be reported. They can also be documented.

Reporting Expenses

Administration and Education

- **Scenario 2** - Your District bills out salaries from a general account but other expenses directly from the Program account.
- Do I report these expenses for current quarterly report?

Reporting Expenses

Administration and Education

- **Scenario 2** - Your District bills out salaries from a general account but other expenses directly from the Program account.
- Do I report these expenses for current quarterly report?

Yes, sort of...

Reporting Expenses

Administration and Education

...So why sort of?

The other expenses are withdrawn during the quarter to be reported. They can also be documented.

If the salaries are reimbursed from the Program account to the general account during that SAME quarter, then they would be reported. Otherwise they are reported in the Quarter that they are withdrawn from the Program account.

Reporting Expenses

Administration and Education

- Scenario 2 example a:
 - District pays salaries from the general account for the July 1 – September 30 Quarter.
 - They reimburse from the Program account to the general account on or before September 30.
- Do they report these salary expenses in the July – September Quarter?

Reporting Expenses

Administration and Education

- Scenario 2 example a:
 - District pays salaries from the general account for the July 1 – September 30 Quarter.
 - They reimburse from the Program account to the general account on or before September 30.
- Do they report these salary expenses in the July – September Quarter?

Yes

Reporting Expenses

Administration and Education

- Scenario 2 example b:
 - District pays salaries from the general account for the July 1 – September 30 Quarter.
 - They reimburse from the Program account to the general account after September 30.
- Do they report these salary expenses in the July – September Quarter?

Reporting Expenses

Administration and Education

- Scenario 2 example b:
 - District pays salaries from the general account for the July 1 – September 30 Quarter.
 - They reimburse from the Program account to the general account after September 30.
- Do they report these salary expenses in the July – September Quarter?

No!!

Reporting Expenses

Administration and Education

...So why no?

The salaries are considered spent via Program funds only when withdrawn from Program funds.

Reporting Expenses

Administration and Education

- Report total expenses for all quarters that were billed in the current quarter to be reported.
 - Example: July 1 – December 31 salaries are reimbursed from the Program account to the general account on January 7. These 6 months would be reported in the January 1 – March 31 Quarterly Report because that is when the expenses can be documented.
- For the Quarters that you do not have admin or education for, leave the amount at \$0 in their respective fields.

Reporting Expenses

Take Home

A Program expense is NOT a Program expense until it is PAID for by the Program!!

 - Report Advances in the quarter you received them
- Replenishments
- Interest
- Other

Reporting Income

- Advances
- Replenishments
 - Report Replenishments in the quarter you received them
- Interest
- Other

Reporting Income

- Advances
- Replenishments
- Interest
 - Report Interest on a quarterly basis if possible
 - Otherwise, report interest in the quarter you receive your statement
 - For the Quarters that you do not have interest for, leave the amount at \$0
- Other

Reporting Income

- Advances
- Replenishments
- Interest
- Other
 - Report all other income in the quarter you received them (i.e., municipality returns an advance payment)
 - You are required to list the source(s) of other income in the Activity Report section

Uncommitted Funds

- Uncommitted funds are calculated in each quarter
- Represents the amount of money you currently have available to spend on projects, admin, and education.

Spending Status	
Current Balance: \$	<input type="text"/>
Committed Remaining: \$	<input type="text"/>
Uncommitted Balance: \$	<input type="text"/>

Tracking “Old Money” Spending

- All Districts have an “Old Money” balance that they need to spend by June 30, 2019
 - “Old Money” Balance = June 30, 2018 Starting Balance + Money in Harrisburg not received by June 30, 2018
- Balance is reduced by the amount spent during each quarter until balance is zeroed out.

Previous 5-Year Agreement

“Old Money” Balance: \$

Currently Spent: \$

Balance Remaining: \$

Annual Summary Report

- Do we still need to complete a #\$\$%@ annual summary report????
 - Yes!!!
 - Why? The ASR calculates the District's spending for the previous year which is used to determine whether or not you receive a new allocation.
 - Also this is where the District reports their limestone cost estimate as required by law
- Due January 15

Webinar Training Agenda

- **7 Trainings held during last week of September**
 - Each webinar limited to a max of 10 counties
 - Registration available on the Webinar's page of the CDGRS website

The screenshot displays the website for the PennState Center for Dirt and Gravel Road Studies. The header includes the PennState logo, the center's name, a 'Login' button, and a search bar. The main navigation bar features links for HOME, PA PROGRAM RESOURCES, GENERAL RESOURCES, EDUCATION / TRAINING, NEWS & EVENTS, and CENTER.
